OBJECTIVE

Results-driven Full-Stack Developer with a strong foundation in software development and a focus on delivering high-quality, scalable applications. Passionate about leveraging cutting-edge technologies to solve complex problems and continuously improve technical expertise. Seeking to contribute to innovative projects and help achieve organizational goals in a dynamic and fast-paced environment.

TECHNICAL SKILLS

Programming Languages	C++, C, JavaScript
Frameworks	React.js, React Native
Front-End Technologies	HTML5, CSS3, JavaScript, Tailwind CSS, React, Bootstrap
Tools	Git, GitHub, Visual Studio Code

PROFESSIONAL EXPERIENCE

Upflairs Pvt. Ltd   Jul 2024
Jaipur, Rajasthan

- Successfully developed and enhanced web interfaces using HTML5, CSS3, and JavaScript to deliver responsive and user-friendly applications.
- Built and maintained interactive components and single-page applications (SPAs) using React.js, optimizing performance and ensuring a seamless user experience.
- Worked in a team environment to design, test, and deploy frontend features, leveraging modern frameworks and adhering to best practices.

PROJECTS

Fruits Website   Technologies: React.js, Tailwind CSS

Developed a responsive and visually appealing fruit e-commerce website using HTML5, CSS3, and JavaScript. The website allows users to explore a variety of fruits with detailed descriptions, pricing, and images. Key features include a user-friendly navigation system, interactive search functionality, and a dynamic shopping cart. Designed and optimized the website for performance and compatibility across devices, ensuring an engaging user experience.

EDUCATION

Bachelor of Technology in Computer Science, Arya College of Engineering   Expected 2025
Relevant Coursework: Software Engineering, Database Management, Web Development
